

## 25 THINGS TO KNOW

- Project 2025 is a 900-page playbook for Republicans next year if they gain power, and it's focused on attacking our rights, giving handouts to billionaires and corporations, and undermining your vote.
- Project 2025 would ban public-sector unions and allow states to ban labor unions entirely, ending your right to organize in the workplace.
- Government services that keep us safe would be gone, including basics like weather alerts that warn us of dangerous storms and clean air and water programs.
- Trump's Project 2025 would ban medication abortion, effectively ending access to abortion for millions of Americans.
- The plan says that any books, movies, and TV shows that include LGBTQ+ content or characters are pornographic.
- It calls for a total and complete ban on porn.
- They plan to dissolve the Department of Education entirely and end enforcement of laws guaranteeing special education programs for students.
- Project 2025 strips protections away from women and LGBTQ people in education and the workplace, putting millions at risk of targeting and worse.
- Project 2025 gives states the right to ignore overtime, minimum wage, and child labor laws.
- It would end all student loan forgiveness programs, including for public service, and some folks would see their loan payments double.
- Project 2025 eliminates laws that protect against racial discrimination in housing, the labor market, and schools, ending protections that have been in place for decades.
- The MAGA plan wants to make you pay new taxes on your employer-provided health insurance coverage, and sharply raises taxes on middle-class working families.

# 25 Things to Know About Project 2025

## A Cheat Sheet to Trump's Authoritarian Playbook

- Project 2025 strips away access to sex education for students, instead instructing federal programs to teach abstinence-only approaches.
- Project 2025 implements what's called the 'unitary executive' model – it puts the entire government, all three branches, under the control of one person: the President.
- Social security, Medicare, and nutrition assistance programs are all targeted for big cuts or elimination.
- They want to get rid of price caps on life-saving drugs like insulin and asthma inhalers.
- Project 2025 calls for cutting or eliminating social safety net programs, raising taxes on the middle class, and giving huge tax cuts to the ultra-wealthy.
- Under Project 2025's plan, Trump would have the legal right to fire any civil servant or government employee who he thought wasn't sufficiently loyal to MAGA.
- Adoption and foster care agencies would be legally allowed to discriminate against gay or non-Christian families looking to adopt.
- They want to eliminate the Head Start program, which serves over a million families a year.
- Project 2025 calls for raising the age of eligibility for Social Security, effectively reducing benefits by tens of thousands of dollars per person.
- They want to end restrictions on oil and gas drilling, including on our public lands.
- Project 2025's plan would eliminate HIPAA privacy protections for abortion, helping zealots in anti-abortion states to track and target those who leave the state to access care.
- CNN has identified over 140 different people who worked for Trump and also played a role in creating or endorsing the transition plan.
- Trump has repeatedly praised both the Heritage Foundation and the authors of the Project 2025 playbook.
